

Newsletter Mutanyana Foundation Weru
December 2022

In our previous newsletter of June 2022 we wrote to continue donating € 2000.00 per month to the group of people who want to continue Father André's work for the time being.

The emphasis is on provisional because there is no successor who is willing or able to take over the work of our deceased Father.

The people who do this now, so-called Agregados, are passionate volunteers from the parish of Saint Anna in Maputo. These persons are under the reliable leadership of Father Huub Kuijpers. He has also indicated that he is only willing/able to do this work temporarily, given his age and other busy activities.

At a recent board meeting, our treasurer reported that the system described above is working, he is getting feedback that the money is being received in good order and distributed to the protégés.

He also receives overviews of what the money was used for and this appears to meet the wishes of our board and as was also the case when Father André took care of the distribution himself.

Next year's spring newsletter will contain more information about the financial situation of our Foundation and expectations for the future.

Our chairman Sjef van Zon also had a conversation with the superior of the parish of Saint Anna in Maputo, Father Geraldo. Father André's work was discussed here and he was also able to give a description of the last week of our Father's life. The family van Zon was very happy with this information.

Commander Geraldo also reported that Father André's in Maputo grave is well maintained by his protégés.

In the meantime, a commemorative plaque has been placed on the grave on December 2nd and we received a few photos of this that we do not want to withhold from you.

We hope to have informed you sufficiently. If you would like further information, please do not hesitate to contact one of the board members listed below.
